What's the idea?

Rooted is a place to meet others and share the life we all have in common. We'll cook together, eat together, listen to a short talk and share our own reflections. The talks take their starting point in our lives as young students and aim for reflections on our own roots and values in life. We are passionate about making Christian faith relevant to everybody, so the talks will share thoughts from this perspective. We can't wait to hear your perspective!

When and where?

Rooted takes place every second Monday from 19:00-22:00 in Vor Frelzers Kirke, but check our Facebook to stay updated.

Who's welcome?

Danish and international students in and around Aalborg. If the talk is in Danish we'll provide translation.
